VOL. I NO. 5 DODGE TRUCK REVOLUTIONARY UNION MOVEMENT

The Root Of Racism

Mr. Charlie Echenbach (or shall we say Boss Charlie) we admire the way you've trained your superintendent's and General Foremen to act as GESTAPO storm troopers did you also tell them they're the MASTER RACE? We ask you this question because you're the top dog, and (we mean DOG) you and GENERAL SCUTTER both of you have done an excellent job training your troopers, because they're really riding herd on the brothers, those dumb ass foremen of yours don't have the intelligence to act on their own so you two must be at the root of it all, here's another question BOSS CHARLIE, have you ever heard of MIKE TURNER? He's the man your storm troopers harrassed and intimidated until they drove him into the hospital with a nerve condition, now those DOGS in labor relations have fired him, what was his crime? He was a BLACK MAN that took no shit of your troopers, Boss CHARLIE how do you face yourself every morning in the mirror knowing that you're the root of all racism over a couple thousand people? Do you feel guilt? Or is it possible that you have no conscience? Is Norm (rat) Platt one of your men also? He's been doing a wonderful job exterminating a few of your own folk's by the way CHARLIE we (DRUM II) heard that you have picture in

your office on the wall of ADOLPH HITLER; do you? Oh yes, BOSS CHARLIE, if you get rid of that brother that you suspect is writing these articles don't think you'll get rid of DRUM II because DRUM II will never die because of one man, matter of fact you'll have a more dangerous brother on your hands, he might just come up there and pay you a visit one day, so really CHARLIE baby you're in a whole heap of trouble, but you started it all of you were on the up and up fellow and not allowed your GESTAPO and KLANSMEN called superintendents and general foremen, run amok with their racist tactics there would not be a need for DRUM II, and CHARLIE what about that fool tool KNEE-GROW Cunningham (HAMBONE), you and Manulas have down their in the metal shop? Why you and Mike let him fine just brothers? He fired brother PAYNE and wrote up his woman the other day, he's supposed to straightening out the Merry-go-round and he's doing it, how many bones do you give your trained dog's? A black stoog is the worst of them all, and why is he scared of that white boy that threatens to kick his ass everyday? BOSS CHARLIE when are you going to get some BLACK MEN on management, instead of these PUNKS' like HAMBONE? Or is this what you like, so it'll keep the pressure off you so no one can say D.T.O. is racist led? So now you hire a Black (TOM) racist like HAMBONE, don't forget caught in the GHETTO'S sooner or later and you're going to keep f_____ around and get hung up like JIMMY WILLIAMS ask SCUTTER what did he do to JIMMY if you're not scared to talk to him.

THE ROOT OF RACISM IN LOCAL 140

Why are those certain union officials going around the plant spreading racism during the campaign? Like Norm the rat why is he telling all the white to vote all white and to keep the nigger's out the lo-

cal, he must know that into office they'll sh

the people how the union cause Norm really ran and he think he blasting running against him but him, that's what the pe someone who's not afraid loses (which everyone DRUM II can use him

What about OSC he's cutting Uncle Har rank's like the honky's him on the first electi asked who do we support Well we support not one we do not align ourselves (unite all white's) the all the way we mean not the ones working do the brothers in order to down when they misuse isn't marked black (DRUM II) I not our will like some people are to believe we're after the company coalition, we're end to this exploitation and discrimination U.A.W. refuse to act someone has to, and BOS

how can you defend anyone
ong each other? And DRUM

It has togetherness, and ALSO, you're a
liar and a punk and you know why, if yo
all of a sudden have amnesia we'll refresh
your memory, what about you and TEX, who
did you say you were supporting on that
chief steward race on the Medium line
You're a low down backstabber, and why dont
you come down and protect the people on the
lines? You don't go on your new position
until JUNE 9th, maybe you'd better keep

your ass down front because you might have
an accident in the back one day, and ALSO
did you have anything to do with TEX get-
ting hold of TEXS opponents work record did

you tell him to show it up and down the
lines, did you and FRANK (THE PUNK) arrange
those incident's (while he mysteriously was
appointed Chief Steward FRIDAY 5-9-69) so
he could be seen doing a union job wel
people haw did the punk do? That's the
very thing we're trying to get rid of this
union and management colusion, thanks FRANK
THE PUNK for letting TEX off his job.

8 Tony Palisota or whatever your damn,

name is you're walking on thin ice, you'd
better check yourself (the one is charge of
the fender line) and hello HUEY have you
been over on MACK AVE. lately? And what a-
bout this new brother foreman on the MEDIUM
Line? How is he acting like a man or a
boy? As for RALPH BARNES you better keep
you running shoes on baby, but back to TONY

you better lighten up on the brothers or
we'll tell CARL (supersonics honky)DAVIS
the anti-company shit you been talking, the
big C. will not dig that either, and SAM
Chase you and that little punk BOB at the
body drop really hung that brother up last
week, you both will have your day's dog's ,
wonder how two pint Al Vandenburg, and
little short fat John been treating the
brothers in the motor station lately ?

EDDIE BARDO you're a low down punk, you and
 LOUIE RUDUNKO we hope you don't get your
 ass kicked no more. And LOUIE you shouldnt
 cry, just think of all the brother's that
 cried because of you. But, you're still
 working they're not. We use to think that
 you didn't dig just Black's but by that ass
 kicking incident by that honky you received
 we see you just don't dig human beings,

period, did BOSS CHARLIE indoctrinate,
 you so much that you sleep with trucks?
 Back to BOSS CHARLIE (ESCHENBACK) you bet-

ter check your goon squad foreman inCOM-
 PACT, HEADER HOUSE MATERIAL, SHERWOOD AND
 AMPLEX we hear the brothers are catching
 plenty hell in these are's especially AMP-
 LEX, the native's are getting plenty rest-
 less we're hearing the sound of the DRUM'S?
