Dear Comrades,

Since the convention six weeks ago, a number of cities have increased their Militant bundles. Particularly impressive is the performance of the YSA locals and at-largers. We now are sending bundles to a number of areas which were not receiving a bundle at the time of the convention. And in other areas there has been a significant increase in the bundle size.

This is another indication of the increased receptivity to our ideas as a result of the heightened radicalization. We urge comrades to continue to look for new areas to sell our press, and to continue increasing the bundle sizes when possible.

Comradely,

Bev Scott
