TO ALL MEMBERS

Dear Comrades,

At its July 4, 1974 meeting, after careful consideration of the documentary material gathered by the Control Commission of the Socialist Workers Party and made available to the NEC upon our request by the SWP Political Committee, the National Executive Committee of the Young Socialist Alliance passed the following motion:

"That the Internationalist Tendency's status as a separate, rival organization to the YSA be recognized and that members of this rival organization be informed that this status places them outside the constitutional provisions for membership in the Young Socialist Alliance."

In compliance with this motion, each local is instructed to remove from its rolls as of this date all known members of the Internationalist Tendency party listed in the enclosed letter.

All political relations with members of the Internationalist Tendency party must now be carried out under the direction of the appropriate elected bodies of the YSA.

Please read this letter to the next local meeting and call it to the attention of all members. The full report of the SWP Control Commission is available to all YSA members from the SWP National Office, 14 Charles Lane, New York, N.Y. 10014.

Comradely,

Andrew Pulley
National Chairman,
for the YSA National
Executive Committee
