PATHFINDER CATALOG

The enclosed 1976-77 Pathfinder Press catalog lists all Pathfinder and Monad books and pamphlets in print as of January 1, 1976. Supplements will be produced periodically over the next two years to update it. The catalog is designed for use in selling books and pamphlets to commercial bookstores and libraries.

A new catalog for general distribution is in preparation and will be available in the spring. In addition to all books and pamphlets published by Pathfinder and Monad, that catalog will list everything distributed by Pathfinder, including Education for Socialist Bulletins. It is designed for general circulation by branches, locals, and YS teams.
