TO ALL NEA COMRADES

Dear Comrades,

The National Education Association will hold its annual convention the first week in July. State NEA conventions will be held this March and April. We want the maximum number of NEA comrades to participate in the state and national conventions.

Comrades who have a reasonable possibility of being elected should run for delegate to your state and national convention. We understand that national convention delegates are reimbursed by the NEA for travel expenses by your local affiliates. Comrades who are not elected delegates should also plan to attend the national convention if it is financially feasible.

The national trade union steering committee will be consulting with NEA comrades to plan our activity at the national convention. We will want to submit resolutions for discussion on the convention floor. Among the resolutions we want to consider proposing are a call for a national demonstration against education cutbacks, independent political action, support to the PRDF lawsuit, and activity in support of the ERA and school desegregation.

We would like your opinions on these and other resolutions you may want the steering committee and national fraction to consider. Please send us your comments as soon as possible.

Comradely,

*Ed Heisler*
