Palo Alto, Ca. 94303

Dear Nat,

We have received copies of the proceedings of your convention and are glad to note the sentiment expressed in several reports to continue the dialogue begun between our two organizations.

The major reports from the educational conference of the SWP held in Oberlin, Ohio, are now published. Enclosed are copies for your information. We are sorry that no one from the SLP was able to attend.

Now that our respective national gatherings are over and the proceedings and reports published, I think we should meet to discuss where to go from here.

If you, or someone you designate, plan to be in New York at any time in the near future, we could schedule a meeting for that time. If not, we would be glad to come to Palo Alto to discuss with you.

Hoping to hear from you soon.

Comradely,

Linda Jenness
