1. Conference for Gay Rights

(Guests: Margaret J., Matilde, Wendy L.)

Margaret Jayko reported on conference for gay rights held in Philadelphia February 24-25 where a proposal for a national march on Washington in October 1979 was passed. Present support for the march is limited to narrow group of organizations. Agreed to propose PC discussion on conference and proposed march, as well as Militant article politically analyzing the conference. Agreed report on conference should be sent to branches soon.
