To All Organizers and
Educational Directors

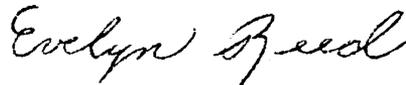

Dear Comrades:

Now that the summer schools are drawing to a close, we would appreciate brief reports from each region which conducted this activity.

In your reports, please include the number of students, their composition, subjects studied, local tutors, visiting tutors, and general results achieved. Other data on how the schools were organized and sidelights of interest will also be appreciated.

These reports, when compiled, will furnish a guide for future summer schools, as well as a reference record of this signal achievement.

Fraternaly yours,

Evelyn Reed
National Education Director
