TO ALL NC'ERS AND ORGANIZERS

Dear Comrades,

On January 11 the New York organizer, Jon Britton, and George Breitman had an informal discussion on the upcoming New York mayoralty campaign and its relation to the current political conjuncture. They taped the discussion and the National Office transcribed and edited it and distributed it to the Political Committee.

On January 17 the Political Committee invited comrades Britton, Breitman and Boutelle to participate with the Political Committee in a discussion of the Britton-Breitman transcript. That discussion was also taped, transcribed, and edited.

Attached you will find 1) the January 11 Memorandum; 2) the January 17 Political Committee discussion transcript; and 3) a preliminary list compiled by George Breitman of important discussion articles about the transitional program.

The transcripts have not been edited by the participants.

At this time this material is for the information of National Committee members and branch organizers. It is not for general membership distribution.

Comradely,

Jack Barnes
